Dual Lever Washing Machine Outlet Box

Control Hot and Cold Supply Lines Together or Individually

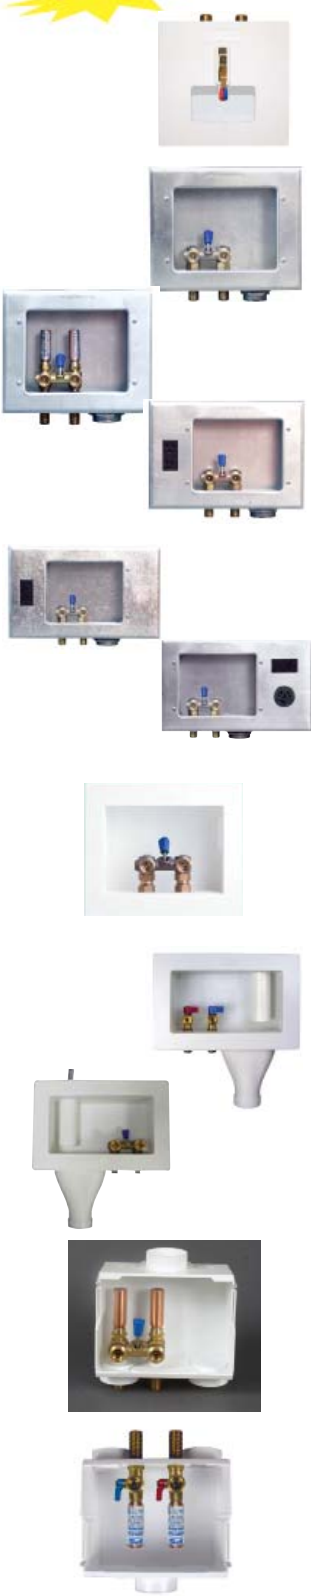

The new Dual Lever Washing Machine Outlet Box offers the quality construction and ease of installation expected from Guy Gray. The new innovative dual lever valve enables the user to control hot and cold supply lines together or independently.

Features:

- Faceplate design allows flush installation and covers the entire box for a clean finish
- Solid one-piece construction with raised drip guard contains and directs hose leaks down the drain
- One piece box design - no loose parts to assemble
- Snap-on frame
- Oversized knockouts will not fall down drain
